*Re: E911 Requirements for IP-Enabled Service Providers, WC Docket No. 05-196
IP-Enabled Services, WC Docket No. 04-36*

Dear Ms. Dortch:

On 3 March 2006, Gov. Tom Ridge (member, Vonage Board of Directors) and Chris Murray (Vonage) met with Chairman Kevin Martin, Chief of Staff Dan Gonzalez, Wireline Bureau Chief Tom Navin, and legal advisor Ian Dillner.

During this meeting, they discussed Vonage's progress in meeting its goal of providing E911 services to all of its customers. Specifically they noted that Vonage has so far provisioned more than 60% of its customers for E-911, and an additional 30% with basic 911.

In accordance with FCC rules, we ask that a copy of this letter be filed in the above-captioned dockets.

Sincerely yours,

Chris Murray
Vice President, Government Affairs
Vonage
